

ZONING ORDINANCE OF THE NORTHPORT VILLAGE CORPORATION

_____, 2022

Amended: August 20, 2000

Amended: November, 2005

Amended: January 13, 2019

Preamble

Bayside, as the Northport Village Corporation is commonly called, has had a tradition of moderate land use regulations since its beginning. At first, through the vehicle of perpetual leases issued by the Northport Wesleyan Grove Campground, the manner of construction, use, and nature of occupation was directed by overarching and uniting goals of the community. From its beginning in 1915, the Northport Village Corporation was empowered by the State of Maine legislature to develop rules and ordinances to govern the use of the parks, waterfront, utilities, and the cottage lots within its geographic limits.

These controls were expressed in Bayside's first zoning ordinance, adopted in the late 1950s. The ordinance was rewritten in its entirety in August, 2000. The Ordinance here reflects the changes that have been recommended by the citizens and Board of Overseers as developed over a series of public workshops and meetings in 2022.

The Bayside citizens' desire to have a uniform and unified set of rules for the development of the Village and for the good of the community has been a constant guide throughout the history of Bayside. The character, architectural integrity of this unique village and the verdant beauty of the Village are all recognized by Baysiders as worthy of stewardship through moderate land use control. ~~A design review panel shall~~The Board of Overseers may appoint a design review advisory committee or provide other resources to, at the request of a property owner, provide exterior design guidance to applicants planning to construct or renovate a Structure in the Bayside Historic District, to encourage retaining fidelity to the historical character of the ~~village~~Village.

Baysiders created this ordinance, but, because of the manner in which state law is written, the Town of Northport's Code Enforcement Officer enforces it. For that reason, this ordinance seeks to be clear in its expression of its goals and the obligations it imposes on the community members and the Code Enforcement Officer.

3. NON-CONFORMITY AND GRANDFATHERING

Any party is encouraged to read through this Ordinance and contact the Northport Village Corporation Board of Overseers or the Code Enforcement Officer with any questions regarding conformance or non-conformance.

3.2.1. Continuance of Non-Conforming Uses

3.2.1.1. The use of land, Buildings or Structures, lawful at the time of adoption or subsequent amendment of this Ordinance, may continue even though such use does not presently conform to the provisions of this Ordinance.

ZONING ORDINANCE OF THE NORTHPORT VILLAGE CORPORATION

3.2.1.2. Subject to the limitations of Section 3.2.3, a Non-Conforming Structure may be repaired, maintained, or improved, but the area employed in a non-conforming use may not be extended or expanded except in conformity with the provisions of this Ordinance, and the Structure may not be altered so as to become more non-conforming. Construction or enlargement of a foundation beneath the existing Structure shall not be considered an expansion of the Structure provided that the Structure and new foundation are placed such that the setback requirement is met to the greatest practical extent as determined by the Zoning Board of Appeals, the completed foundation does not extend beyond the exterior dimensions of the existing Structure, and the foundation does not increase the Height more than three additional feet and that the Height does not exceed 35 feet.

3.2.1.3. A Non-Conforming Use may not be expanded or moved unless that expansion or movement brings it into conformity or mitigates the degree of non-conformity.

3.2.2. Discontinuance of Non-Conforming Uses

A non-conforming use which is discontinued for a period of one year or more may not be thereafter resumed. The uses of the land, Building, or Structure shall thereafter be required to conform to the provisions of this Ordinance.

3.2.3.1. Application is made, with sufficient documentation supporting the restoration of the non-conforming Structure to Zoning Board of Appeals with notice to the Northport Village Corporation Board of Overseers and the restoration plans otherwise conform with all laws and regulations, resulting in the issuance of all required permits; and

3.2.3.2. The Zoning Board of Appeals shall grant permission for the restoration of a nonconforming use, Building or Structure as above referenced if the restoration is essentially the same size, location, Height and architectural appearance and character and use as formerly appeared.

3.2.4. Expansion of Non-Conforming Structures

A non-conforming Structure may be added to or expanded after obtaining all required permits from the same permitting authority as for a new Structure, if

ZONING ORDINANCE OF THE NORTHPORT VILLAGE CORPORATION

such addition or expansion does not increase the non-conformity of the Structure, brings it into conformity or mitigates the degree of non-conformity. For the purposes of this Ordinance, an increase to the non-conformity of a Structure shall mean:

- 3.2.4.1. any expansion towards a property line that decreases the existing non-conforming setback distance from the property line; or
- 3.2.4.2. any expansion that would increase any non-conforming Lot Coverage; or
